

Volume 73 June 2019 Number 6

Skeet & Trap

The year is almost half over as I'm writing this but it seems like we've barely started 2019!!! Our weather hasn't been very spring like. Temps are up and down... more 'down' than 'up'! A ton of rain has been falling... even some snow! Shoots have been cancelled due to poor weather. It seems like the weather, and (or) calendar Gods, are having a good old' time trying to confuse us! Maybe we're turning the corner now, but I just have to wonder... cuz those Gods are still out there laughing at us!

We've had a few registered skeet shoots under our belt now for 2019, but there's plenty more to go. Upcoming, we've got a 28-gauge Mini Shoot June 6 and a major 5-gun shoot – The A J Evans Memorial – running from Friday through Sunday, June 28-30.

Next to this article is the one for the major shoot we held in late April – the Clark Brown. Despite the threat of rain (and snow!) and pretty windy weather, the shoot went off without a hitch. You can also check out the complete results and more information on the DSC website.

Next General Membership Meeting Aug. 7 @ 8 p.m.

The Juniors also got into the swing of things with the Scholastic Clay Target Program Division Shoot at DSC, Sat., May 18. We'll try to report on results in a later issue, but be assured; DSC is putting forth a strong team of Juniors for this year's events! The Spring Skeet & Trap Fun Leagues is winding down already... it seems like it just started! But the banquet is scheduled for Thur., June 20. So make plans to attend and see how you fared against other participants in this twice a year event.

Also, please remember that the skeet and trap range is back with Friday Night Skeet & Trap. Try to get out there on a Friday night to support the WOA, who volunteer their time to make this time available to us.

One last announcement before I finish up for the month... please remember that Independence Day fireworks are scheduled for Wed., June 26. The ranges will be closing early (at 4 p.m.) that day, so that the club can prepare for parking and support events hosted at DSC.

Detroit Sportsmen's Congress hosted its first "major" 2019 shoot the weekend of April 26-28. Michigan's weather was, to say the least, typical as we didn't know what season of the year it was. Friday's Doubles event was met with mild temperatures but 35-mph winds which made the targets pretty squirrely. Rising above the circumstances was Jim Nierzwick with a 96 followed by Bill Nielsen runner up and Jerry Kott 3rd with 92s.

Saturday wasn't too much better of a day, temperatures in the high 40s to low 50s with a persistent 15- to 20-mph. breeze. A pair of 99s topped the leader board in the 12-gauge event with "Nerz" besting John Klida for the championship; coming in

third was Grand Blanc's favorite son, Gerard Klink. After lunch, the gallant competitors took to the fields for the 20 gauge event. Coming out on top was "Batman" Klink with the lone 100 in the event. Jim Nierzwick backed up his morning 99 with another and John Klida continued his fine shooting with an afternoon 98. With the formal shooting finished next came DSC's Handicapped Fun Shoot. This event is open to all participants who were not in the top 3 in any event. Shooting Reverse pairs at stations 2-3-5-7, Jerry "Mr. Beretta" Davis ended up on the top step and won a Clay Delay Auto-puller.

This wrapped up Saturday with hopes for Sunday being a better day.

... from page 1

After the weatherman was thankfully wrong, we did not get 2-3 inches of snow, the 28-gauge tubes came out of their respective cases. Once the smoke cleared, our winner was Andrew Bielman defeating Ross Szarenski in a shoot-off of 99's with Bill Nielsen besting Jim Nierzwick for event third. Now there was ius one more gun to shoot, the "410". Wind again was a factor and 93s shot off for event champion. Jim Nierzwick defeated Andy Bielman with Mike Delgado coming in third. Now all that is left is to calculate the HOA places. Again leading the pack was "Nuclear Nerz" with Andy Bielman runner-up and Gerard Klink third. DSC's last but not least event of the weekend was our signature Watch Shoot. This is a handicapped HAA event that is free to enter for all 5-gun shooters. Coming out victorious in this event was Jim Nierzwick, great shooting Jim, Next up is the A.J. Evans Memorial at the end of June and our "BUCKLE RACE EVENT", the Hanaford Great Lakes Open, the first week of August. We hope to see you out here at DSC.

Rifle

June is here and the rifle leagues have been running for a month. They started slowly at first but have been picking speed as the weather warms up. There are regular leagues for high power/service rifle, small bore silhouette and sporting rifle. We have also added the tactical prone league. This is a league inspired by the NRA F Class competition. Shooting is done from the prone position, but you can use supports as long as the butt of the rifle stays in your shoulder for shooting (i.e. you can use your bipod). We shoot at the MR-52 target that is used in High Power/Service rifle. This target is basically the service rifle 600-yard target reduced in scale to 200-yards. It is a 20-round match in 20 minutes and 10 scores are used to determine the league standings. We generally shoot during the sporting rifle league times (Thursday p.m. and Sunday a.m.). If you are interested, contact wopdycke@mi.rr.com.

This month's black powder note has to do with simplicity. The first league I joined at DSC

was the high power/service rifle league. This league can be intimidating for the new shooter especially considering all the equipment that you need to bring along. You start with your rifle and ammo but then you need a shooting coat, spotting scope and stand, a shooting mat, glove, etc. Indeed, the equipment is so extensive that many high-power competitors bring a cart to carry it all. Three or four trips to the car to get the gear to the line and 15-minutes to set it all up. Contrast that with your typical black powder shoot. You bring your rifle, a range rod for reloading and a shoulder bag for your shooting supplies. No cart is necessary. You run a dry patch down and out the bore and then snap a cap. That's it, you are ready to roll. There are rifle leagues that are almost this simple. Small bore silhouette doesn't take much beyond a rifle and ammo either. Simplicity may or may not be a virtue but I do like the idea that you can just throw a gun and a bag in the car and be ready to compete.

The US Cavalry (1865-1890) - "The Buffalo Sol-

The **Buffalo Soldiers** were African American soldiers who mainly served on the Western frontier following the American Civil War. In 1866, through an act of congress, legislation was adopted to create six all African American army units. The units were identified as the 9th and 10th Cavalry and the 38th, 39th, 40th and 41st Infantry Regiments. The four infantry units were reorganized in 1868 as the 24th and 25th Infantry. southern states. The 10th was headquartered in Greenville, Louisiana. The black regiments could only serve west of the Mississippi River because of the prevailing attitudes following the Civil War. Their main tasks were to help control the Native Americans of the Plains, capture cattle rustlers and thieves and protect settlers, stagecoaches, wagon trains and railroad crews along the Western front. According to the Buffalo Soldiers National Museum, soldiers of the 9^{th} and 10^{th} Cavalry Regiments were nicknamed Buffalo Soldiers by the Cheyenne warriors they fought in 1867. No one is exactly sure why, but some say the nickname was given out of respect for the fierce fighting ability of the 10th Cavalry. Others claim that the Native Americans called the black cavalry troops "Buffalo Soldiers" because of their dark curly hair, which resembled a buffalo's coat. The term Buffalo Soldiers became a generic term for all black soldiers. It is still used by U. S. Army units that trace their direct lineage back to the 9th and 10th Cavalry units whose bravery earned them respect and an honored place in United States history. About 20 percent of U. S. DSC General Membership Monthly Meeting

May 1, 2019—Clubhouse 8:00 pm

Pledge of Allegiance: Bob Savo
Conservation Pledge: Bob Savo
Moment of Silence: Ernest Wendl

Presidents Report: (R. Savo) Life Members and past presidents were recognized. • The new septic system for the kitchen and clubhouse has been installed. The work was approved by the Macomb County Health inspector who was thrilled with the quality of the installation. He commented that 80% of other work that he inspects has problems due to installation errors. The only thing left to do is landscaping, filling in the old septic tank and to change the walkways and the landing for handicapped visitors. • The soil at Sporting Clays is soaked and the water level is too high for excavation, so we will have to wait for it to subside. We got a terrific price on what we need to do the job so we have 60-70% of the materials on hand to start it when we can. • Treasurer, Mr. Purdie is watching closely what we spend and he counted the joints we glued putting in the piping. We came up short on primer because Rick accidentally kicked over a primer can with his size-14 feet. But there was money in the budget to buy another can of primer. • We are still getting some quotes for the new building foundation and concrete pouring. We have to hire that out because there is no way we can do it ourselves because of the volume of concrete needed. We have neither the equipment nor the skill to handle a project of that size. • We have 40+ projects that need to be done so we have been prioritizing them as they vary in cost. We will need manpower from our members to get these projects done. If we don't get help, some of the projects simply will not get done. • No July General Membership meeting. Please come out and help with the fireworks parking. Secretary's Report: (R. Hegelman) The April GM Meeting minutes are on the table by the door and in the book behind the bar, as are the March BOD Meeting minutes.

Treasurers Report: (D. Purdie) The finance results for March 2019 are available. Our YTD income is \$311,167.22. YTD expenses were \$81964.17. March income was \$93,769.21 and expenses are \$81,964.17 for a YTD net of \$70,297.28. • Our loan balance is \$116,461.21. Looking at March, the star performer is Oxford Camping. Their YTD net is \$78,932.66. The next best venue is Pistol with YTD net being \$27,447.45. • In April Bob and I signed checks for \$70K, extrapolated out for the year is \$820K. That is what it takes to run the place. The financial reports are in a book behind the bar if you want to take a look at them.

1st Vice President's Report: (J. Estes) I am the Chairman of the Grounds and Planning committee. The campground needs a new office building. That is the number one priority for the campground and the next item for them is a storage shed for their equipment. Their equipment is stored outside so we want to get it out of the weather so it does not deteriorate. • We have plans to fill the potholes, but since it rains every day we will be working on them when it dries out a bit. • We have lots of little jobs such as painting in the parking lot, and we need some wood replaced on the skeet houses. We will be adding two more handicapped parking spaces for the clubhouse. These will have to be painted.

2nd Vice Presidents Report: We had no new incident reports. • With the thaws and the rain, the grounds are very soft. If you are taking our any equipment such as the lawn mowers, think about what you are doing so you don't get the equipment stuck or put huge ruts on our grounds and lawns. Please make you have the training to use our equipment. If you have any questions regarding its use, please do not hesitate to ask before using the equipment. Be sure to use the safety gear that comes with the use of our equipment. • Our Safety Meetings have been very successful. Last month we reviewed the SOP's and procedures for the campground. We have a few suggestions for them. As there is no General Membership meeting in July, there will be no safety meeting either.

Trustees Report: Nothing to report.)

Chairman's Report: (J. Lupi) There were no motions to report on from the last BOD meeting. • On May 21, there will be a meeting between the BOD and the Committee Chairs. It will be in the clubhouse at 6:30. The agenda will include budgets. Mr. Purdie has agreed to do a presentation on that. There will be packets containing information on committee responsibility including incident reports, PO's and RAB's. Mr. Estes will be presenting the committees with the top twelve projects this year and next as well as the cost to the DSC. There will be a Q&A session as well. If you are a committee chair, please be there and if you cannot attend, please send a representative for your committee. • The SOP Committee met and we looked at some changes for Pistol and Camping. Those changes have been communicated to the committee chairs and I have asked them to please have any comments to me by May 15 so I can have them for the May 20 BOD meeting.

Operations Manager Report: (B. Palmer) We need to hire a new employee for buildings and ground maintenance. The hours would be Mondays through Fridays from 8am-4pm. Please let me know if you have anybody in mind and I will give you the job information. • We had only two people apply for scholarships. One was selected. The Shelby Community Foundation will present the scholarship to the winner next month.

Member of the Month: Michael Scheid.

Archery

Archery Committee activities got off to a slower than usual start this season. The "Spring 3D" League got off to a shaky start with a lot of rain and no competition being held. Week two didn't help much either as the rain threatened us all day. Most people simply stayed away as they didn't want to shoot in the rain. We did manage to get the competition started the second week with a minimal showing of members. League ending Banquet will be moved back one-week to allow for the entire eightweek schedule to be completed. If the competition cannot be held on a scheduled day, we may be holding competition the week of July 4 to make-up the lost days.

The first segment of our J.O.A.D. Class for the 2019 also suffered in attendance due to poor weather conditions. The first day saw temperatures in the low 40's and a pretty steady rain that began just after 6 p.m. We moved that day's practice to the indoor range as we always do, and we were able to complete that day's training. We could still use some additional archers as sign-ups were lower than usual.

Novice or beginner archers start at 6 p.m. Experienced archers start at 7 p.m.

The first weekend of Outdoor 3D Open Shooting pro-

duced mixed results but actually had decent weather. Thanks to all that came out and shot on that first weekend. The Archery Committee worked very hard with the coordination of Dave Oles on the projects we wanted to complete for spring. Thanks to the Committee for the great response! The course is challenging and fun to shoot. Range opens at 9 a.m. — Closes at 4 p.m. with the last guests going out at 3:30 p.m.

As of this writing, I cannot report on the attendance of our USA Archery – Level 1/Level 2 class. This is an "Instructors" class that can help anyone in the shooting sports instruct new comers and get them familiar with DSC. Sign-ups so far have been good.

Campground Archery has asked that we hold an additional I.B.E.P.- R.O. Class at Oxford to qualify additional members for R.O. work. We will schedule a class as soon as we can work out a date with the Campground. Class needs to be posted on the MDNR website and available to the public.

With the start of the Outdoor League and 3D Archery on weekends we will be holding our work bees on days other than Mondays - TBD.
